

# FLEUR SECURITY SUITE

Protecting your family online

## Installation instructions

Thank you for choosing Fleur Security Suite. To get you started, you must first download the software. This can be done by following the simple steps below.

1. Using your Fleur broadband, visit: [nicc.fleurtelecom.co.uk](http://nicc.fleurtelecom.co.uk) and you will see a log-in page.
2. Log into the site using the details you received in the post or via email. If you require new login details, please call: 0333 320 4020.
3. Click on **My Homepage** from the menu on the left-hand side and then select **Install Netintelligence on a new machine**.
4. You will be provided with a set of instructions detailing how to install the software.
5. You're all set! You can download Fleur Security Suite on up to five devices within your household and enjoy browsing safely.

For more information on how to use Fleur Security Suite, you can use our Quick Start Guide which can be found on our website -

[www.fleurtelecom.co.uk](http://www.fleurtelecom.co.uk).
