

Line Rental & Call Pricing

December 2019

1. Line Installation

Should you need a new line installing at your property, we would be happy to arrange this for a charge of £55.00. However, please note that line installation costs are subject to survey. The total cost of an installation will take into consideration any additional work that may be required on site.

Charges are determined by BT Openreach and we will be passed on as per their charging policy.

2. Line Rental

Fleur Line Rental is charged at £15.50 per month. Should a customer wish to pay for 12 months' line rental upfront, they will be entitled to a 10% discount.

3. Call Set-Up Fees

Fleur charges a call set-up fee of 15 pence. Call set-up fees are charged for setting up certain types of calls and are payable in addition to call charges set out in the price list.

They apply unless stated otherwise in the detailed descriptions of call charges. For example, they apply to the following types of calls:

- Non-inclusive geographic calls
- 0845 & 0870 numbers
- Other numbers beginning with 08 which exclude a fixed fee element
- Numbers beginning with 09 excluding fixed fee premium numbers and those including a connection fee
- Calls to mobile networks including Wi-Fi but excluding ISDN 64k
- Calls to non-inclusive international fixed lines
- Calls to international mobiles excluding ISDN 64k and satellite calls
- The above services accessed via Operator Assistance

They will not apply to the following types of calls:

- Free call services
- Inclusive geographic calls where the pence per minute rate has been set to zero for the first 60 minutes of each call (including those that end after the free period elapses)
- Other numbers beginning with 08 which are priced as a fixed fee
- Numbers beginning with 09 which are priced as fixed fee premium numbers and those including a connection fee
- Inclusive calls to international fixed lines for UK Anytime customers (including those that end after the free period elapses)
- ISDN 64k and satellite calls to international mobiles
